Hi,

We were lead to believe by Eastside Catholic that an email was initiated by you discouraging the farmers market be held there. After further questioning them we realized they contacted you first.

I do have a few further questions after finding out this information

1. How did Eastside Catholic contact you? If email, is it possible to get a copy of this?
2. When did Eastside Catholic contact you?
3. How do you feel about the school giving the misconception you initiated the communication?

Thank you so much,

Sorry, I am just reading this. I didn't do that. I was asked to send the city's statement regarding gatherings on public property during COVID. That is what I did. I am a bit confused as to why you are asking the question in such a way? Have you been led to believe something different? If so, by whom?

**[CAUTION - EXTERNAL EMAIL]**

Hello Mayor Moran,

I am Megan Williams a junior at Eastside Catholic, and the city reporter for the Sammamish Independent. Wanted to let you know that we're currently working on the story about the farmer's market being located in Redmond this year (at the bottom of Sahalee). We were wondering if you could provide a statement **by 5pm Friday**:

1. Why did you email Eastside Catholic to encourage them to not host the Farmer's Market within city limits?

If you would like to call us to record a statement with you, we can definitely accommodate. Thank you!

Megan
